Chapter XXX	Thirtieth Chapter

## FOREWORD

This Guide is intended for all electors who vote under the provisions of the *Special Voting Rules*. The Guide enables them to determine the electoral district in which they are qualified to vote at an electoral event. It is published by the Chief Electoral Officer of Canada in accordance with the provisions of the *Special Voting Rules* (s. 15 and 19).

Using the lists it contains, the Guide will also be of use to electoral personnel and the general public in determining the electoral district of specific localities, Canadian Forces bases located in Canada, college and university level educational institutions, penitentiaries and correctional centres, hospitals and special care institutions, as well as airports.

The Guide is divided into seven chapters, each consisting of an alphabetical list of the names of localities or institutions, followed by the names of the provinces and federal electoral districts in which they are located. The information given in Chapters III, IV, V and VI, respectively concerning universities and colleges, penitentiaries and correctional centres, hospitals and special care institutions, is also presented by province.

Chapter I, containing a list of Canadian localities, excludes cities that contain more than one electoral district. Street indexes listing addresses and corresponding electoral districts are published separately for these urban centres (see Appendix).

The electoral districts referred to in this Guide are those established by the 1987 *Representation Order* and will remain in effect for any federal electoral event called after July 13, 1988 until new federal electoral boundaries go into effect.

## AVANT-PROPOS

Ce guide s'adresse à tous les électeurs et électrices qui votent en vertu des *Règles électorales spéciales*, pour leur permettre de déterminer dans quelle circonscription ils sont habilités à voter au moment d'une consultation électorale fédérale. Il est publié par le directeur général des élections du Canada conformément aux dispositions des *Règles électorales spéciales* (art. 15 et 19).

Grâce aux listes qu'il contient, le guide sera également utile au personnel électoral et au grand public pour déterminer dans quelle circonscription se trouvent les localités données, de même que les bases des Forces canadiennes au pays, les établissements d'enseignement collégial et universitaire, les pénitenciers et centres correctionnels, les hôpitaux et établissements de soins spéciaux, ainsi que les aéroports.

L'ouvrage se divise en sept chapitres, chacun étant constitué d'une liste en ordre alphabétique où l'on retrouve le nom de la localité ou de l'établissement, selon le cas, suivi du nom de la province et de la circonscription fédérale à laquelle elle ou il se rattache. L'information donnée aux chapitres III, IV, V et VI, portant respectivement sur les universités et collèges, les pénitenciers et centres correctionnels, les hôpitaux et les établissements de soins spéciaux, est en outre regroupée par province.

Il est à noter que le premier chapitre, contenant la liste des localités canadiennes, exclut les villes qui renferment plus d'une circonscription. Des indicateurs de rues, énumérant les adresses et circonscriptions correspondantes, sont publiés séparément pour ces centres urbains (voir l'annexe).

Les circonscriptions indiquées dans le présent ouvrage correspondent à celles proclamées par l'*Ordonnance de représentation de 1987*; elles demeureront en vigueur pour tout événement électoral fédéral déclenché après le 13 juillet 1988 d'ici à ce que soient proclamées de nouvelles limites des circonscriptions électorales fédérales.

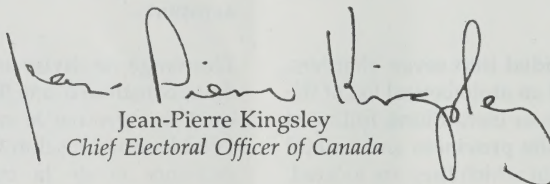

The data used to prepare this Guide were obtained from Energy, Mines and Resources' Canadian Geographic Names Database for Chapter I, from National Defence for Chapter II, Employment and Immigration for Chapter III, Federal and Provincial Correctional Services Administrations for Chapter IV, Statistics Canada for Chapters V and VI, and Transport Canada for Chapter VII.

A short version of the Guide, consisting of Chapters I and II of the complete Guide, is also available. The short version may be ordered directly from Elections Canada.

Les données ayant servi à composer le présent guide proviennent de la base nationale de données toponymiques d'Énergie, Mines et Ressources Canada, pour le chapitre I; du ministère de la Défense nationale, pour le chapitre II; d'Emploi et Immigration Canada, pour le chapitre III; des administrations fédérale et provinciales des services correctionnels, pour le chapitre IV; de Statistique Canada, pour les chapitres V et VI; et de Transports Canada, pour le chapitre VII.

Il existe une version abrégée du présent ouvrage, qui reprend les données des premier et deuxième chapitres. Cette deuxième publication peut être commandée directement auprès d'Élections Canada.
